

Child Health Guidelines

I agree not to bring my child to therapy if he or she shows any signs or symptoms of illness including:

- Elevated temperature of 101 degrees or higher
- Vomiting or diarrhea
- Skin infection or rash of unknown cause
- Pink eye or pus draining from eyes
- Drainage from ears
- Any infection where the child is knowingly contagious
- Head lice
- Communicable disease

I understand that my child may return to therapy when:

- Child is fever free without medications for at least 24 hours
- Child is symptom free (see above) for at least 24 hours
- Child is placed on an antibiotic, has taken at least 24 hours worth of the antibiotic and is symptom free
- Child is free of the head lice and nits (or eggs) for at least 48 hours. If the case reoccurs, the child will not be able to return until free of lice and nits for one week.

Madonna TherapyPlus has the right to send home a child for any health reason that has not been diagnosed by a physician/physician note that the child is not contagious and can be in a group setting.
